TESTIMONIALS

"As a mostly self-taught musician, I was convinced that formal lessons weren't necessary. Boy was I COMPLETELY wrong. Bill and the teachers here really know what they're doing, and have no problem teaching even advanced players like me. If you're on the fence, definitely do it. I've recommended this place to everyone I know."

"I am taking Guitar and Vocals lessons here from last 6 months. I am extremely satisfied with the music teachers and their passion to teach. I am in the process of achieving my dream of playing guitar and writing a song. Love On Stage Music Academy!"

"My daughter is taking private music exploration classes and I love the quality time they spend with her, letting her touch and experiment with all instruments and her own music! Such an amazing environment full of learning opportunities and patient kind instructor!"
